

Flock Placement Incentive Policy

as amended January 2020

INTRODUCTION:

The objective of the Flock Placement Incentive Policy is to even out placements during periods 1 & 2 (January and February) in order to stabilize the industry.

TERM:

The Flock Placement Incentive program will be reviewed and determined by EFO on an annual basis.

CRITERION:

1. Any producer who is in good standing may apply to the Board for this program. To be in good standing a producer must be in conformity with all EFO Regulations, Policies, Orders and Directions, and have filed all necessary reports with the Board Office, and be up-to-date in payment of all licence fees, levies and any other amounts owing to EFO.
2. Only Producers who have been accepted into the 2020 program will be allowed to apply in a future years subject to an ongoing Board review of the program;

APPLICATION:

Existing Producers who [currently] change/place flocks in either period 1 [January] or period 2 [February] may apply, under an 'Application for Flock Placement Incentive Program'. All producers must submit an 'Application for Flock Placement Incentive Program' on an annual basis.

EFO shall determine, from time to time, the maximum number of birds per week that will qualify for the program.

Application Deadlines

Period 1 ~ March 31 of the previous year

Period 2 ~ March 31 of the previous year

INCENTIVE:

Producers, subject to Application approval [as above], will be entitled to place an additional two [2%] percent for periods 1 & 2.
