Short-Placement Quota Credits Application

Layer Producer Name:		Layer Quota #:
Purpose: A Short-Placement Quota Credit may be issued when there is high-mortality in the pullet barn resulting in the layer producer receiving fewer birds than their Allotment at delivery.		
Home Week:		Placement Date:
Total Allotment:		Bird Color:
Total # of birds delivered:		
Grower Name:	Grower Quota #:	# Pullets Delivered:
Grower Name:	Grower Quota #:	# Pullets Delivered:
Grower Name:	Grower Quota #:	# Pullets Delivered:
Comments:		
Program Requirements:		
1. Applications must be submitted to EFO prior to the verified count for the flock that has been short-placed.		
2. Quota Credits will be issued by staff when it can be accurately determined that the short-placement resulted from high mortality in an Ontario pullet barn. All required pullet reporting must be submitted: Day Old, Two week, Ten Week, and 19-Week reporting.		
3. Quota Credits will be issued when the difference in inventory at flock placement is more than one quarter of a percent of the Allotment for that flock and is greater than 25 birds.		
4. Other circumstances of short-placement will be reviewed by the Board on a case-by-case basis and the producer may be issued Quota Credits. Please refer to the Flock Allotment Policy for additional information regarding excessive mortality in the first seven days in the layer barn.		
5. Quota Credits will be issued to compensate for the difference in bird inventory at the verified count and the planned Allotment, to be used at the following year's flock placement.		
6. Allotments are composed of Production Quota + Programs + Quota Credits. In situations of short-placement, credits will only be issued for unutilized Production Quota and Programs. Unused credits will not earn additional credits. The unused credits will remain for use at future placements.		
7. Quota Credits will not be issued when the inventory at flock placement matches or exceeds the Allotment. Only placements that are short upon delivery and remain below their Allotment at the verified count will be eligible.		
8. If a producer willfully places an order with their hatchery to receive fewer birds at delivery to the layer barn than the planned Allotment then credits will not be issued.		
9. Please email applications to njasmins@getcracking.ca .
