- 3) In all elections, if there is not a clear majority, the candidate with the lowest number of votes is dropped, and a second ballot called for.
- 4) If there is not a clear majority, and also a tie-vote, call for a second ballot with all candidates.
- 5) If there is still not a clear majority, and also a tie-vote, there must be a ballot to break the tie, and a subsequent ballot between the tie-breaker and the candidate with the highest vote.
- 6) If there is still a tie-vote after three ballots, the Election Officer will draw one of the candidates' names.
